

## **Call for Applications for Erasmus+ ICM Staff Teaching Mobility at Tallinn University, Estonia for International Teaching Week**

**The International Teaching Week at the School of Educational Sciences will be held between the 30th of March and the 3rd of April 2020 at our partner Tallinn University, Estonia**

Applications are called from interested staff and the **deadline is the 26th of January 2020**. Read more about the International Teaching Week [here](#).

**The Tallinn University will be hosting the teaching staff and will cover their travel and accommodation costs.**

They will also be entertaining applications from non-academic support staff and/or teaching staff for our EDUSPACE Track. However, no funding will be available for the participants. (Deadline: 2<sup>nd</sup> February 2020).

The International Teaching Week is a great possibility to learn more about Estonian education system, its success in [OECD's PISA](#), the EDUSPACE lab, to network and get to know Tallinn and Tallinn University. More info can be found below:

*TALLINN UNIVERSITY*

# *School of Educational Sciences 2nd International Teaching Week*

*We are pleased to invite both academic and non-academic personnel from partner universities to Tallinn University School of Educational Sciences for our 2nd International Teaching Week!*

The International Teaching Week will include two tracks for participants:

The **first track** is for academic/teaching staff who we are delighted to invite to **give lectures** to Tallinn University students and partners in our **four different study areas:**

- Inclusive education;
- Teacher education and educational sciences;
- Non-formal education and lifelong learning;
- Educational leadership and innovation.

Tallinn University will fund **a maximum of three academic/teaching staff** to visit the International Teaching Week for the first track.

The funding will only include travel and accommodation costs.

The funding will be provided by Erasmus+ International Credit Mobility.

The selection of successful applicants will be based on a correctly submitted application by the assigned deadline (**26th of January**) and according to the relevance of the topics of planned teaching to the study areas of the School of Educational Sciences and its study programme focus fields.

[Apply here for the first track latest by the 26th of January](#)

---

The **second track** is for academic or non-academic staff who are active in the general field of education, educational innovation, technology-enhanced learning, and teaching and/or ICT in education on kindergarten, primary school or K12 levels in their higher education establishment.

The focus of the second track is our new EDUSPACE lab.

Read about EDUSPACE [here](#).

There is **no Tallinn University funding for taking part in the second track**, but everyone is welcome to take part with other funding possibilities from their home university. **Deadline: 2<sup>nd</sup>**

**February 2020**
